Dear Dorothy Christensen:

Here are copies of photos we discussed on the phone. Notations are on the back of them. I'm not sure of the dates but probably early 1900's on Long Stone 1910-1916. Don't know on Turner's Bend there, but think it was earlier than Long Stone, which still stands on east side of main st although front has been altered.

I was in hopes of being able to deliver these personally but the time has gotten away without with the Holiday season fast approaching.
Merry Christmas to you and yours.

Blair
